RAW ART

MOTIVATE CREATE EXPLORE

Printmaking is a wonderful way for children to explore a range of fun 2D media, while learning about shape, line, colour, pattern and repetition.

Children will develop their fine-motor skills, getting their little hands messy exploring and discovering the joy of printing and stamping their own unique masterpieces.

We will work on our problem solving skills and develop literacy and numeracy concepts.

Week 1 - Abstract Monoprints
A fun simple project which introduces children to the basics of printmaking – looking at monoprinting, creating a colourful abstract design.
(Monoprinting)

Week 2 - Little Landscapes
A fun project working with paints and stampers to create a beautiful landscape – we will also work with pastels and charcoal.
(STAMP based project)

Week 3 - Fish Printblocks
Learn how to create a simple print block working with print foam – with a fish design. Learn how to work with sponge rollers.
(Collographs)

Week 4 - Spotty Mushroom Banners
We will work with sponge stampers to create a funky mushroom design and will turn our prints into a cool little banner.
(Sponge printing)

Week 5 - Printing with Found Objects
Explore simple printmaking techniques working with a range of found objects – awesome bold, colourful results.
(MIXED MEDIA project)

Week 6 - Big Lizards - GROUP Project
Bring all of our printmaking skills together to create a large scale group project. We will have fun using a range of media.
(Print/Stamp/Create)
